ABSTRACT

The abstract should contain 200 up to 500 words of text, and it is compulsory to present the purpose, results and conclusions of original contribution related to the Conference topics. Authors should not include equations, tables, figures and references in abstract. Please use this template file to write your abstracts: A4 format with 25 mm margins all around. The text should be written in Arial 12, single spaced, justified, with the first line intended by 10 mm. Also, authors are encouraged to use Microsoft Word. Please, e-mail the abstract to the conference secretariat at conference@nuclear.ro by March 15, 2026, according to your family name and conference topic's name (for example: **popescu-nuclear reactors.doc**).
